Re: Continuity of Government/Continuity of Operations Training and Planning

Mayor Wharton:

Pursuant to creating a Continuity of Government Plan for Shelby County and for our partnering jurisdictions within the UASI, and to include our private partners in the Continuity of Operations, the attached contract from the Texas Engineering Extension Service (TEEX) is for your signature. TEEX is part of the Texas A&M University System and is a founding member of the National Domestic Preparedness Consortium. The NDPC is comprised of five schools that are directly funded and supported by the US Department of Homeland Security.

The training TEEX is providing for our COOP and COG Program is a contractual delivery. The US Department of Homeland Security makes the UASI/Homeland Security funds eligible for the COOP/COG projects. Further, we have processed the required resolution and supporting documentation through the Shelby County Government system.

Thank you for your support in this matter.
